

# OUR THEME

“BEYOND THE HALLS,  
BEYOND THE YEARS”

*This* theme captures the enduring bond and impact of our time at Mar Ivanios College. Here's what it means:

**BEYOND THE HALLS:** This part of the slogan reflects more than just the physical buildings of our college. It represents the journey, memories, and transformations we all went through. It's about how our experiences at college have influenced our lives far outside those classroom walls.

**BEYOND THE YEARS:** This speaks to how the friendships and connections we made during college have lasted far beyond our graduation. It highlights the lasting impact of these relationships, no matter how much time has passed.

**COLLECTIVE LEGACY:** The theme as a whole celebrates the shared legacy we've built through Mar Ivanios College. It's a reminder that we're all part of the college's story, contributing to its impact well beyond our time there.

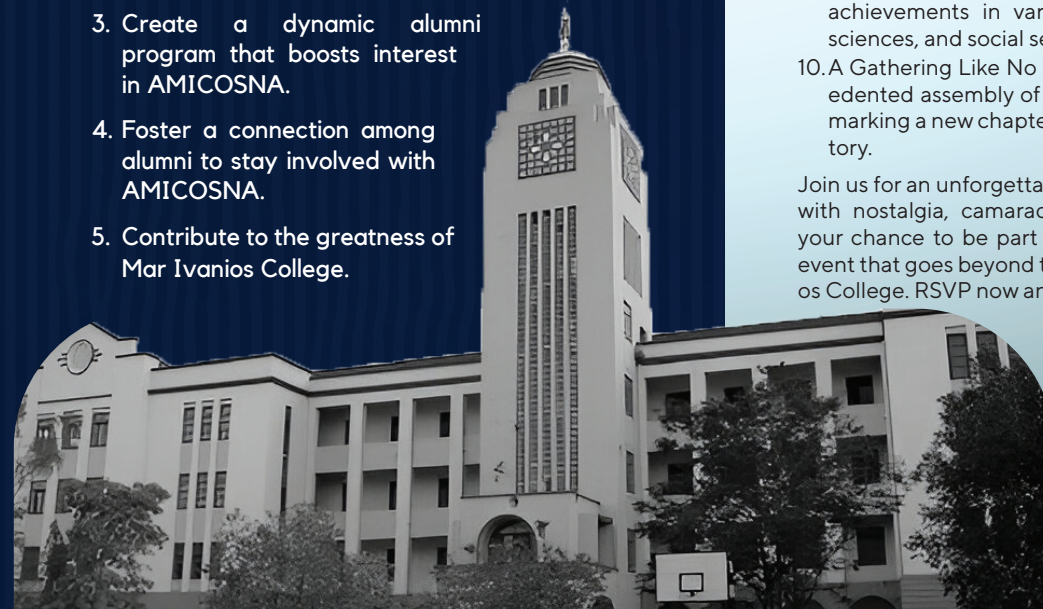

In short, “Beyond the Halls, Beyond the Years” is about celebrating our shared past, ongoing connections, and the collective mark we've made through our alma mater. It's a call to honor those memories and look forward to how we continue to shape the college's legacy together.
